

*The right care in  
the right place,  
right now.*

Enroll for the VA Western Colorado Health Care System's Mobile Medical Unit to take advantage of receiving high quality healthcare services closer to your home.

The Mobile Medical Unit will have regularly scheduled stops in Edwards, Gunnison, and Rangely Colorado. It will also stop in Montezuma Creek, Utah. Other stops to be determined.

Ask your provider how to enroll.

## Mission

### The VA's Mobile Medical Unit:

The VA Western Colorado Health Care System is dedicated to providing the best health care to Veterans living in rural areas of Colorado and Utah.

It is anchored by the VA Western Colorado Health Care Systems and outpatient clinics in Glenwood Springs, Craig, and Montrose CO and Moab, UT. This provides the base for expanding the Mobile Medical Unit throughout this service area.

Veterans have the right to consent to treatment via Telehealth. Declining Telehealth does not affect a Veteran's eligibility for other care.

We ask you to please keep your scheduled appointments or cancel. No-shows only hurt other Veterans from receiving care.
